ABOUT THE FESTIVAL

New Civil Engineer’s second annual Tunnelling Festival brings together the entire tunnelling community for an interactive and immersive day filled with keynote speeches, panel debates, project case studies, spotlight talks and live shortlist presentations. The day will be rounded off with an evening Awards ceremony and gala dinner to celebrate the very best in global tunnelling expertise.

WHAT’S ON

TUNNELLING AWARDS INNOVATION SHOWCASE
Drop into one of five live Awards hubs to watch the finalists of six categories present to the judging panel and learn about the innovations, people and projects that this year’s Awards will be recognising.

INSPIRING KEYNOTES
Gain insight from major clients and industry heavyweights who will be exploring future trends in the tunnelling world, from delivering world class tunnels to harnessing underground space for smarter, more sustainable cities.

PROJECTS IN FOCUS
Hear crucial updates on current schemes on the UK projects stage and international projects stage during the day, featuring Grand Paris Express, Lower Thames Crossing, the Woodsmith Mine Tunnel, and more.

CELEBRATE THE VERY BEST IN TUNNELLING
Reward your teams, network with the industry’s finest and celebrate the projects, teams and companies doing the most to drive the tunnelling sector at the Tunnelling Awards gala dinner.

UNRIVALLED NETWORKING
Make the most of extended networking opportunities throughout the day, including numerous networking breaks during the day and a drinks reception to kick off the Awards evening.

THE EVENT IN NUMBERS

350+ ATTENDEES
40+ EXPERT JUDGES
20+ INSPIRING SPEAKERS
17 AWARDS CATEGORIES
6 LIVE-PITCHED CATEGORIES
1 CONTENT-PACKED FESTIVAL NOT TO BE MISSED!

2019 SHORTLIST

FESTIVAL PACKAGES
A key feature of the Festival will be the 10th annual Tunnelling Awards, which recognise and reward those projects, teams and companies doing the most to drive the tunnelling sector forwards.

This year there are 17 awards showcasing the very best in tunnelling, from people and company initiatives to projects and technology-led innovations.

Finalists for six of these awards will pitch their entries live throughout the day, creating a packed knowledge-sharing programme for all attendees. The remaining categories are all judged by our panel of industry experts ahead of the Festival.

### 2019 CATEGORIES

- Community Engagement Initiative of the Year
- Health, Safety & Wellbeing Initiative of the Year
- Environment & Sustainability Initiative of the Year
- Equality, Diversity & Inclusion Initiative of the Year
- Innovation in Design & Delivery
- Innovation in Instrumentation & Monitoring
- Innovation in Shaft Design & Construction
- Innovation in Tunnel Excavation
- Innovation in Tunnel Fit Out, Operations & Maintenance
- Innovation in Tunnel Lining
- Tunnelling Project of the Year (up to $50M)
- Tunnelling Project of the Year (between $50M to $500M)
- Tunnelling Project of the Year (over $500M)
- Tunnelling Specialist Supplier of the Year
- Tunnelling Team of the Year
- Young Tunneller of the Year
- Outstanding Contribution to the Industry

- WestonWilliamson + Partners, OTB Engineering and Costain, Bakerloo Line Link

## Innovation in Design & Delivery
- Bam Nuttal, Morgan Sindall, Balfour Beatty JV, Thames Tideway Tunnel
- Bouygues Travaux Publics - Dragages Hong Kong, TM-CLKL - DFMA Approach for tunnel internal structures
- BSCU, Dragados, TfL, Dr. Sauer & Partners, Bank Station Capacity Upgrade project
- Dragages Hong Kong Limited (DHK), Bouygues Travaux Publics, CEDD, Liantang Heung Yuen Wai Highway – Lung Shan Tunnel (Hong Kong)
- Dragages-Bouygues JV, Atkins China, TM-CLKL-Caterpillar Shaped Cofferdam for Cut & Cover Tunnel
- Ferrovial Agroman Laing O Rourke JV, Thames Tideway Tunnel – central section
- Ferrovial Agroman Laing O Rourke JV, Kennington Station cross passages on the Northern Line Extension
- Golder, Finsbury Park Station step free access
- Novaslice, The simpler and safer way to remove pile foundation heads
2019 SHORTLIST CONTINUED...

**INNOVATION IN INSTRUMENTATION & MONITORING**
- Bouygues Travaux Publics, Tunnel Lab: Big Data
- Datum, Woodsmith mine, North Yorkshire
- Kern Tunneltechnik, Kern Lab: Secondary Lining Digitalization
- Murphy Surveys, Autonomous self-adjusting wireless sensor network
- Pinsar, Setting the new global gold standard in real-time DPM monitoring
- Senceive, Long-term wireless monitoring of the Botlek Tunnel
- Socotec Monitoring, Barking riverside extension
- Temple Group, Ferrovial Laing O’Rourke, Northern Line Extension - environmental monitoring

**INNOVATION IN TUNNEL EXCAVATION**
- Bam Nuttall, Morgan Sindall, Balfour Beatty JV - Hammersmith Pumping Station - Thames Tideway Tunnel
- Bemo Tunnelling UK, Karl-Friedrich-Strasse tunnel in Karlsruhe/Germany
- Dragados, TFL, Graphical illustration of complex excavation sequences on Bank Station Capacity Upgrade
- Dragados, TFL, Excavation of shaft through a hollow-pile on Bank Station Capacity Upgrade
- FCC Construcciones, Tunnel Vallirana
- MMC Gamuda JV, Autonomous TBM

**INNOVATION IN TUNNEL FIT-OUT, OPERATIONS & MAINTENANCE**
- Murphy Surveys, Crossrail – Liverpool Street and Tottenham Court Road
- Atkins Tunnel Safety Team, Road tunnel operations
- University of Cambridge, Optimising growing underground

**INNOVATION IN TUNNEL LINING**
- Bam Nuttall, Morgan Sindall, Balfour Beatty JV, Thames Tideway Tunnel
- Bam Nuttall, Morgan Sindall, Balfour Beatty JV & Kern Tunneltechnik – Hammersmith Pumping Station - Thames Tideway Tunnel
- Concrete Canvas, CC Culvert Lining, providing a design life in excess of 120 years
- Dragados SA UK and Mapei UTT, Eliminating dust from spray applied waterproofing on Bank Station Capacity Upgrade
- Dragados, TFL, Dr. Sauer & Partners, Optimisation of sprayed concrete lining on Bank Station Capacity Upgrade
- Ferrovial Agroman Laing O’Rourke JV (FLO), Tecozam, Innovation in secondary tunnel lining on the Northern Line extension
- Soprema, Repairable system

**INNOVATION IN TUNNEL SHAFT DESIGN AND CONSTRUCTION**
- Bauer Technologies, Woodsmith Mine, North Yorkshire
- Bouygues Travaux Public, Bachy Soletanche, Bessac and Bouygues Travaux Publics Régions France, Stations of the Nice tramway
- Spie Batignolles fondations, Small diameter shaft diaphragm wall innovation
- Bouygues Travaux Publics, Dragages Hong Kong, Atkins China, TM-CLKL – cellular shaft integrated in caterpillar-shaped cofferdam
- Sirius Minerals, Joseph Gallagher, Carey’s Civil Engineering and Herrenknecht, Woodsmith mine
- FLO & Active Tunnelling, Thames Tideway Tunnel – heathwall pumping station shafts

**TUNNELLING TEAM OF THE YEAR**
- Bam Nuttall, Morgan Sindall, Balfour Beatty JV & Kern Tunneltechnik - Hammersmith Pumping Station, Thames Tideway Tunnel
- Bam Nuttall, Morgan Sindall, Balfour Beatty JV, Carnwath Road Riverside Tunelling Team, Thames Tideway Tunnel
